MEMORANDUM FOR THE RECORD

25X1A SUBJECT: Meeting, 12 March 1959, [REDACTED] HQ, USAF
and Project Representatives

25X1A 1. Reference is made to the meeting held 12 March 1959 between
[REDACTED] HQ, USAF and Project Representatives.

25X1A 2. In order to simplify preliminary exploration of machine tools
in Air Force Reserve Stocks, it has been determined that a personal
visit to a number of facilities is not practical. Colonel R.B. Uhle,
Deputy Director of Procurement and Production, HQ, USAF, made a visit
to HQ, AMC, 13 March 1959 to establish procedures for obtaining
required machine tools. Present thinking is that Colonel Ritter,
Industrial Facilities, AMC, is in the best position to determine the
most feasible and expeditious course of action to be followed. He
will be notified of an impending visit by [REDACTED] representatives.
A list of all Air Force facilities and equipment will be made available
for perusal either at HQ, AMC or at Warner Robbins Air Materiel Area.
25X1A [REDACTED] will be notified of this situation by message from this office
on timing of the anticipated visit.
